## Derekoy

Derekoy can be described as a skyline carved with mountain peaks. Orchards laced with the sweet smell of citrus. A peaceful vibe that would please a monk. Sounds pretty dreamy, doesn't it. Well that's the home bagged by Derekoy, a dinky little village that's shown scant regard for the march of time. Set in a lush mountain valley, it's the place to head if you're looking to taste unspoilt beauty.
